We have attempted to attribute credit to all involved in this random document. Although individual sketch authors are specifically attributed, the Keep Tucson Sketchy writing team all works in unison to hard edit, punch up and bring you some hilarity, so props to all. Most of the sketches you are witnessing tonight were written in 2019 *before* the world got even weirder than it already was with a virus. The filmed sketches were produced in early 2020 and the “show” that unfolds tonight was meant for our March 2020 show until, well... As performers, we missed hearing you, the laughing audience, during our pandemic hiatus, so we are extra thankful to perform for you tonight!

Thank You David Pike/Screening Room for hosting!
